6. By letter dated 11 July 1963 this office requested GSA to assign this space to the Agency and funds were committed, for the increased rental for the balance of Fiscal Year 1964 and for the cost of the alterations. GSA has advised that, since the cost of alterations and modifications to the building exceeds the limitation of the Economy Act of 1932, 25 percent of the amount of the first year's rent, a Certificate of Necessity will be required to enable them to negotiate for the required construction and partitioning work.

7. It is recommended that the attached Certificate of Necessity be approved.
